Chairman's Statement

2015/16 has been a remarkable year in the life of Cumbria following the devastating floods of December 2015. I'm deeply grateful to the thousands of people and organisations that donated to the 2015 Flood Appeal which to date has raised over £10m. I'm very proud of the way the staff and trustees and countless volunteers assisted in making the appeal and its grant making possible. However, the Community Foundation exists to tackle poverty and disadvantage and strengthen our communities' year round. We achieve this by making grants and connecting fundholders and people who give us money with inspirational, life changing projects.

Review of the year

The floods of December 2015 were by the far the biggest event in the year for Cumbria and the Foundation. Responding for the fourth time to a major disaster I'm delighted to say that our organisational knowledge and capability was used to best effect with over 40% of flood affected households supported. A full report on the fund is contained in the Trustees report.

Trustees have reviewed and refreshed the organisation's business plan with ambitious targets for growth in long term funds. These remain the priority for the Foundation in fulfilling its mission to address poverty and disadvantage in the county. The staff team was re-structured in the year with the aim of enhancing the philanthropic services provided to our fund holders and also improve the effectiveness and success of the Development Team. The Winter Warmth Appeal again raised more than £140K with 1,000 older people receiving vital financial assistance.

The Neighbourhood Care Independence Programme has successfully funded six partnerships which between them supported over 37,000 vulnerable adults and older people during the year. The programme received national recognition in June 2015 winning the Grantmaking and Funding Award at the UK Charity Awards. In recognition of the value of this programme in supporting older people and vulnerable adults to remain independent in their own homes the programme has been extended and increased in 2016/17.

2015/16 was the final year of the Nuclear Management Partner (NMP) Community Fund. Over the life of the programme NMP invested £2.9m in grants to support 119 individuals and 310 projects. This major programme invested widely on the theme of Life Chances and Aspirations with the aim of addressing child poverty and financial exclusion. We very much hope the new team at Sellafield Ltd will continue to invest in the priority needs of the communities of West Cumbria.

The Trustees (who are also directors of the charity for the purposes of the Companies Act) present their annual report together with the audited financial statements of Cumbria Community Foundation (the company and the group) for the year ended 31 March 2016. The Trustees confirm that the Annual report and financial statements of the company and the group comply with the current statutory requirements, the requirements of the company and the group's governing document and the provisions of the Statement of Recommended Practice (SORP), applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2015).

OBJECTIVES AND ACTIVITIES

Cumbria Community Foundation exists to improve the quality of community life for the people of Cumbria. It does this by promoting philanthropy and managing grant making funds on behalf of individuals, families, businesses and organisations.

In particular the Foundation supports people experiencing disadvantage. 'Disadvantage' is not defined but it is assumed that, due to financial hardship, rural isolation, disability or other limiting factor, those experiencing disadvantage do not have access to goods or services which most of the population would regard as the norm for a reasonable standard of living.

Charitable Objectives

The Foundation has wide charitable objects which are set out in its Memorandum of Association.

These allow the Foundation to support and promote the relief of poverty, the advancement of education (including training for employment or work), the advancement of religion, the protection or promotion of good health both physical and mental, the protection of the environment, and any other charitable purpose. The charitable objects are prioritised to the county of Cumbria and its immediate neighbourhood. The Foundation may operate outside the county provided always that this is secondary to activities in Cumbria. There were no grants or activities undertaken outside the county in 2015/16.

Activities for public benefit

The Trustees confirm that they have referred to the guidance contained in the Charity Commission's general guidance on public benefit when reviewing the Foundation's aims and objectives and in planning future activities and setting the grant making policy for the year.

The Foundation works to fulfil its objects by:

- Using its resources to make grants to voluntary groups and individuals that match community needs
- Promoting giving to enable the growth of a professionally managed long term capital fund to make grants in the future
- Being ready to respond quickly to new and emerging need
- Being the route of choice for public bodies wishing to distribute charitable funds for the benefit of the county

Most of the Foundation's activity falls into two areas: grant making and promoting effective charitable giving. In addition to making grants from its own funds, it manages and administers grants programmes on behalf of individual donors, companies, trusts, and central and local government.

Grant making policy

Throughout the year, we continued to measure our grant making against the following key priorities:

- Tackling disadvantage in rural communities
- 2. Tackling disadvantage in pockets of deprivation including the top 20% most deprived wards
- 3. Supporting disadvantaged children and young people
- 4. Hidden and emerging need additional needs that have a significant impact on any one or more of the identified key groups
- 5. Older people
- 6. Mental health

However, the Foundation wanted to further define the priority support needed in our communities and worked through a process of creating a Grant Strategy which highlighted the following areas where a greater impact could be achieved:

- 1. Raising aspirations and providing opportunities for young people and people in need of a second chance, focusing on the most vulnerable in our communities
- Fairer society ensuring people have access to services they need regardless of where they live. In particular older people and people in rural areas, responding to our 'super aged society'
- 3. Community Leadership and participation supporting and encouraging the volunteers and leaders of the future

This has enabled our Grants and Donor Services Team to focus resources on programmes that really make a difference and facilitate change. This process of defining priorities and measuring impacts of grants is being continued into 2015/16 but already the Foundation is taking a more strategic approach to grant making where resources allow as well as responding to changing need within the County. This includes providing multi-year and larger grants to give greater stability to key organisations within the County.

The Foundation will continue to work with a range of donors whether or not they meet the thematic priorities as long as Trustees believe donor's objectives are beneficial to Cumbria, address a genuine need and fall within the Foundation's objectives. A key area of development for the team has been to develop their skills around grant making and donor advising in order to match donor's wishes with key areas of need.

Grant making practice: groups

The majority of the Foundation's grant making in the year was too voluntary and community groups. To ensure the Foundation fulfils its objectives and to maximise public benefit, applicant groups must show that they have charitable objects (though they need not be registered charities).

Each grant application is assessed against standard criteria including evidence of need, community use and involvement, organisational ability to manage and fit to local strategies. Environmental sustainability and impact will also be considered. Each applicant group must provide its constitution, accounts and, where applicable, child protection and vulnerable adults policies.

The Foundation's conflict of interest policy requires all Trustees, staff and grants committee members and other volunteers to declare any personal interest in any grant application or other matter presented, and to withdraw from decisions where any conflict of interest may arise.

Grant making practice: individuals

The Foundation makes grants to individuals across a wide range of activity from relief of hardship to promotion of education and training. It also holds funds which promote artistic, cultural and sporting excellence. During the year the Foundation continued devolved grant making arrangements with some of the Age UK organisations in the county, DACE (Disability Advice Carlisle and Eden) and the Oaklea Trust in Barrow in Furness. This was in connection with hardship grants to older people through the Winter Warmth Fund.

Promoting giving

A central tenet of the community foundation movement is to encourage philanthropy by making people aware of community need and by offering grant making services tailored to donors' requirements.

The Foundation Trustees have made the strategic decision to dedicate resources to development work to secure grant making funds in pursuit of fulfilling our aims.

Cumbria Community Foundation allows donors to make a difference by connecting them with groups and causes that reflect their interests and which address priority community need. Timescales are flexible: donations to long term funds generate income for grant making in perpetuity, while flow-through grant making funds will normally be spent in the financial year.

The Foundation wishes to develop the widest possible base of donors in support of its work. To support this objective a membership scheme exists for individuals, families, businesses and voluntary groups. Members receive regular information about the work of the Foundation and can nominate and elect trustees. In addition, the Foundation supports an events programme which includes the Jennings Rivers Ride cycle sportive and Big Sleep challenge which provide a means of promoting the work of the Foundation, the needs in the county and the generation of additional income.

HOW DID WE DO: ACHIEVEMENTS AND PERFORMANCE IN THE YEAR

Grant making performance

The Foundation measures its performance by recording the number and value of grants by strategic aim. It also monitors the impact of its grant making by recording the number of beneficiaries and volunteers assisted by each grant.

Grant recipients are asked to report back to the Foundation on how the grant was spent and the difference it has made to the lives of local people. Reports include specific outcomes as well as non-quantifiable benefits. Evaluation and monitoring reports are published on our website.

Grant making against target and last year is summarised below by strategic aim.

Last year there were a number of targets set for the grant making and donor services team with significant progress being made in the year. Grant making through the Flood Recovery Fund is reported under 'Hidden and Emerging Need'. The success of the Appeal and its subsequent grant making means that the Foundation has given out more money than in any previous year.

New objectives have been introduced to track performance of the grants and donor services team which is linked to staff appraisals and individual objectives. The grant making strategy has been reviewed in the year which links with the new impact measurement system implemented in the year.

During the year a new online grant application form was launched on the Foundations website which allows applicants to apply online. Later on in the year new monitoring measurements were agreed and the monitoring form can now also be completed online.

The Place Based Services (Formerly the Neighbourhood Care Independence) Programme has been retained for a further 18 months with an increase in grants distributable to £992,000 per year.

As Trustee, Cumbria Community Foundation provides grant administration services for the Crag House Charitable Trust, the Cumberland Educational Foundation, the Dowker Bindloss Charitable Trust, the Edmond Castle Educational Trust, the Mary Grave Trust and Westmorland Arts Trust.

The Foundation assesses grants for the Cumberland Building Society Charitable Foundation; it also administers the Holehird and Joyce Wilkinson Trusts. Decision making remains with their Trustees. These partnerships allow independent trusts to benefit from the Foundation's local knowledge and experience in grant making.

Promoting Giving: building endowment funds

The Foundation has continued its development work in the year. A programme of events has been held to raise awareness of the opportunities to give through the Foundation and to maintain and develop relationships with current and potential donors.

So far the Foundation has not been successful in securing a private match challenge fund but there is a commitment to meet a major donor in 2016/17.

Although the Community First Endowment Match Challenge ceased in March 2015 the Foundation has managed additions of £1,021,306 to endowment funds during the year, £460,000 of this was a donation of Charity Bank shares from the Northern Rock Foundation (This differs to the £866,751 on the cashflow statement due to a timing difference in the funds being invested). This is below the £1.5M target for last year, but a lot of work has taken place this year in getting prospecting systems in place and work on potential Trust transfers.

Building endowment funds will enable the Foundation to continue its support to Cumbria's communities in the years to come.

Promoting Giving: flow through funds

Development work is also directed towards securing new flow through funds to manage for donors. During the year renewal of the Neighbourhood Care Independence programme was secured. In addition, additional funds have been secured through the Dulverton Trust for the 2016/17 financial year. A replacement for the NMP fund has not been found for the next financial year. In total £120,000 of new flow through funds were secured in the year which was above the £100,000 target.

Promoting Giving: membership and general fundraising

Annual General Meeting

The AGM and dinner was successful in introducing fund holders and potential donors to a range of the issues and groups we support.

Membership

Membership income remained stable through the year and considering the economic climate we are fortunate that so many businesses continue to support our work. Members have received invitations to events and received an Annual Review.

Jennings Rivers Ride - Cycle Sportive September 2015

The Jennings Rivers Ride was introduced in 2011 to generate new income in support of the Foundation. In 2015 the running of the event has been licenced to a company called Rather Be Cycling, allowing the Foundation to focus on fundraising for the event. This year the event raised nearly £15,000 which was added to Foundation Grants.

Responding to emerging need:

2015 Cumbria Flood Recovery Appeal

A major incident was declared in Cumbria, after Storm Desmond brought record-breaking rainfall to the county on the 4th-5th December 2015. Over 5,300 households and 1,000 business properties were flooded. The county's infrastructure was devastated and thousands of people were left homeless. Worst affected areas included Appleby, Braithwaite, Carlisle, Cockermouth, Crosby on Eden, Glenridding, Grasmere, Kendal, Keswick and Workington. In addition, numerous remote rural areas were affected across the county. It has been declared Cumbria's worst ever flooding incident.

In response the Foundation launched the Cumbria Flood Recovery Appeal at 8pm on the 5th December, for charitable purposes in connection with the relief of hardship within the county of Cumbria caused directly or indirectly by storm damage and flooding in December 2015. Priorities for grant making are:

- Individuals and families suffering financial hardship and
- Community relief and 'community rebuilding' projects

This has been the Foundation's fourth and most successful major disaster appeal. There was an overwhelming response from across the UK. £1m was raised in less than 5 days and the first grant was made within 4 days. Since then donations have been received from members of the public, hundreds of fundraising events, local businesses, philanthropists, charitable trusts and funders. Government provided a total of £4.7m match funding, which brought the Appeal total to over £9.8m at the end of the year.

Major donors include The Methodist Church Appeal (£142K), Francis C Scott Charitable Trust (£100K), Frieda Scott (£50K), NMP (£50K), Sir John Fisher Foundation (£50K), GlaxoSmithKline (£50K), BAE Systems (£50K), South Lakeland District Council (£50K), United Biscuits, McVities (£50K), New Balance (£35K), Westmorland Ltd (£35K), Eden District Council (£30K), United Utilities (£25K), Innovia Films (£20K), Tesco Charity Trust (£23K), Morrisons (£20K), Cumberland Building Society (£20K), Sir James & Lady Scott Trust (£20K), CN Group (£10K), Westmorland Ltd (£10K), Debenhams Carlisle (£10K), Iggesund Paperboard (£10K), Centre Parcs Ltd (£10K), Lloyd Motor Group (£10K), NuGen (£10K), Stagecoach Cumbria (£10K), Lakeland Ltd (£10K), UK Islamic relief (£10K).

As well as donations the Foundation also received numerous offers of support from companies and individual volunteers which provided great support. Specifically, RPE Group seconded 2 members of their staff to the appeal, The Big Lottery provided staff to process grant applications, Hyphen 8 for setting up the online grant application and Designworks for making changes to the website.

Staff increased hours and volunteers (including Trustees) supported the Foundation's initial response phase. Additional staff were then quickly recruited to support the delivery of the Cumbria Flood Recovery Fund. Core to developing our grant making capacity was the establishment of a Grants Panel sub-committee of grant decision making trustees and grant committee members with delegated powers. This sub-committee met every week night to award hardship grants. Trustees were also fundamental in ensuring the Foundation is represented at key community meetings and attending fundraising events across the county.

The Foundation also fed into the county's disaster response infrastructure and was invited to join the Strategic Recovery Co-ordination Group, Cumbria Flood Partnership and Community Recovery Groups. We have also worked closely with Cumbria County Council, District Councils, other public bodies, Government and the third sector to support a coordinated approach to recovery work across the county. Nationally we have provided advice to other community foundations on disaster appeals.

Grants to individuals: The fund has provided emergency relief and hardship grants to people whose homes have been flooded or damaged by the storms. It has also helped those who have been affected by the flood, e.g. through loss of earnings and extended daily commutes.

- £2,679,111 awarded to 2,193 Households as at the end of March (A number of households have applied for more than one grant)
- Supported 35% of all flooded households as at the end of March

Grants to groups: The fund has supported the provision of vital information and support services across Cumbria, through Citizens Advice, AGE UK, the Law Centre and British Red Cross. Local support and advice centres have also been funded in Carlisle, Cockermouth and Kendal. A strategic grant was awarded to Eden Flood Volunteers to coordinate the provision of donated white goods and furniture across the county.

In addition, we've helped many community organisations which had their premises flooded and supported flood action groups and other community groups which are working hard to support people now and also plan and prepare for the future.

£652,388 awarded to 54 groups as at 31 March 2016

Recovery in communities' post flood can take as long as 18 months to achieve. Therefore, calls on the fund will continue into 2017. It has been a major source of support for household and community recovery and will continue to play that role. It will also contribute significantly to investments in community and household flood resistance and resilience. The third and community sector was a key player in supporting flood affected communities and the Fund will invest in planning and preparation for community resilience, resistance and recovery.

Cumbria Winter Warmth Fund

Up to 300 people die in a Cumbrian winter as a result of medical conditions linked to the inability to stay properly fed and warm. This is why the Foundation has responded by creating the Winter Warmth Fund, which ran for the sixth time this year. The Appeal was supported by Cumbria Life, English Lakes Hotels, AMEC Foster Wheeler, The John Laing Charitable Trust and the Roselands Trust (a fund donor to the Foundation). As well as seeking donations from

members of the public a special 'Big Sleep' event was held. The appeal raised £144,000 from private and corporate donors.

Profile and publicity

The design and branding for the new website has been agreed and the communications team are currently in the process of entering content. It is hoped that the new website will go live by the end of August 2016.

During the year a number of new marketing materials have been produced along with a change in the branding guidelines, this has been to better reflect the key messages around the philanthropic services the Foundation provides. A new video is currently being produced showcasing fund holders and grant recipients.

OUR PLANS FOR THE FUTURE

In March 2016 the current business plan was refreshed, a number of targets have been set for the year ahead. Trustees monitor performance on a quarterly basis and will review plans annually.

Development

- Secure a major private endowment challenge fund
- Secure a minimum of £2-3m in new endowment funds
- Manage the successful distribution of the Flood Fund Programme to individuals and groups
- · Raise a minimum of £15,000 from the Rivers Ride event
- Raise a minimum of £100,000 through the Winter Warmth Appeal
- Raise £100,000 in new flow through funds

Grant making and donor services

- Agree refreshed grant making strategic objectives and performance measurement to deliver a more efficient and effective service aligned with grant making priorities
- Successful delivery of the Place Based Services (Formerly Neighbourhood Care Independence) programme
- Undertake a review of grants governance to further improve systems

Organisational

- Continue to benchmark the Foundation against comparable Community Foundations
- Working towards a Philanthropic Model with staff and Trustees, leading to a skilled and high performing team
- · Produce and lead on a community leads analysis for Cumbria

Profile and publicity

- · Review and improve the website to give a better service to Donors and Grant recipients
- · Develop new promotional materials
- Ensure the organisation is effectively marketed and promoted
- Ensure effective representation of the Third Sector by supporting key activities through the Third Sector Network. Attendance at Cumbria Leaders Board meetings
- Effective promotion of events

HOW WE WORK: STRUCTURE, GOVERNANCE AND MANAGEMENT

The Foundation is constituted as a charitable company limited by guarantee. It was incorporated on 15 February 1999 and registered as a charity on 15 April 1999. It commenced its operations in May 1999.

The Cumbria Community Foundation Trust (the Parallel Trust) exists alongside the Foundation. This Trust is unincorporated and has objects identical to those of the main Company. It exists to make secure particular funds and at 31 March 2016 had funds of £692,726. The accounts for the Parallel Trust are consolidated into these accounts.

In March 2012 the Cumbria Special Events Company was created to take responsibility for the Rivers Ride event. This company was made dormant at the end of March 2015 as the Rivers Ride event has been licenced to Rather Be Cycling with the Foundation receiving all fundraising monies.

Trustees

All Trustees give their time freely. As disclosed in note 9 of the accounts, £nil (2015 - £395) of expenses were paid to the Foundation's Trustees to reimburse them for mileage and expenses incurred on behalf of the Foundation.

The Memorandum and Articles of Association provide that the maximum number of Trustees is twenty-three.

Trustees are nominated and elected by members as follows: -

- Group A Not more than three Trustees from any organisation, not being eligible under Group B, with charitable objectives working wholly or partly in Cumbria;
- Group B Not more than three Trustees who are any person, body of persons, grant-making charitable trust, Company, partnership or other organisation, not being eligible under Group D, who subscribe money to the Company or who contribute other assets or services judged by the Trustees to be beneficial to the Company;
- Group C Not more than three Trustees to be appointed annually from any local authority or other public body operating wholly or partly in Cumbria, of whom one appointee shall be a senior officer nominated by Cumbria County Council;
- Group D Not more than five Trustees from any organisation with a view to profit which subscribes money to the Company or contributes assets or services thought by the Trustees to be beneficial to the Company.

In addition, the Trustees at any time may co-opt not more than nine persons having special expertise valuable to the work of the Trustees paying due regard to ensuring that so far as possible the Trustees reflect the county-wide remit of the Company.

One third of Trustees in each of the Groups A, B, and D and all those Trustees in Group C or who have been co-opted retire at the Annual General Meeting. Retiring Trustees are eligible for reelection, re-nomination or re-co-option provided that they have served no longer than nine years, with the exception of a retiring Chair. A Trustee who has served for nine years may be reelected, re-nominated or re-co-opted after an interval of at least one year.

The Chair and Officers are appointed by the Trustees from among their number. The Board meets quarterly.

Committees have been set up for advice and support as follows:

- Management and Finance committee
- Investment committee
- Nominations committee
- General Grants committee
- West Cumbria Grants committee
- Barrow Community Trust committee (overseeing grant making and fundraising)
- Personnel committee
- Development committee

Each committee has its own terms of reference. All the committees may include members who are not Trustees but must include at least one Trustee.

On appointment each Trustee is given an induction pack which includes relevant documents, such as the business plan, and a copy of Charity Commission leaflet CC3, 'The Essential Trustee'. Before agreeing to become a Trustee, potential Trustees meet with the Chair or Director, who outlines the commitment which the Foundation expects of its Trustees. The Chair or Chief Executive will also discuss with each Trustee the particular contribution which they may make to the Foundation. New Trustees are invited to an induction tour of the office. Training needs are assessed and training sessions are held for individuals or for the Board as required.

Management and staffing

Cumbria Community Foundation Trustees have delegated day to day management of the organisation to the Chief Executive who reports on the performance against the strategic aims agreed in the business plan. The Chief Executive has responsibility for planning and developing services and strategies for the Foundation within guidelines set by the Trustees. He is supported by the Senior Management Team of the Finance Director and Chief Operating Officer.

The Finance Director reports via the Management and Finance committee on the financial position and performance against budget. Full management accounts are received quarterly by the Management and Finance committee and summary management accounts are received as a standing item by the Board.

The pay of the charity's staff is reviewed annually by the personnel committee which comprises the Chief Operating Officer and Trustees who have been elected members of the committee. There is normally an annual increase to cover any increases in the cost of living. Remuneration is bench marked against grant-making charities of a similar size and activity to ensure that the remuneration set is fair and not out of line with that generally paid for similar roles.

Risk Management

The Foundation's risk register is normally reviewed and updated each year. The Trustees monitor the work and internal control procedures of the Foundation and ensure that the relevant policies and practices are in place to manage risks. These include:

- Employing professional staff with appropriate skills and training.
- Business planning, which includes consultation with key stakeholders, long term strategic
 planning regarding fundraising, grant distribution policy, and staffing. Trustees monitor
 performance against business plan targets.
- The Management and Finance Committee receive quarterly management accounts and written reports on all aspects of the organisation's activities.

- Grant making procedures include monitoring of all grant awards, spot checks on awards and grant monitoring visits by staff and trustees.
- Members of the Investment sub-committee receive quarterly reports on investment performance from Investment Managers.
- The Chair and Chief Executive meet regularly to discuss and review progress.

In addition to the annual audit, the Foundation's grants programmes may be independently audited.

HOW DID WE AFFORD IT: FINANCIAL REVIEW

Cumbria Community Foundation is both a fundraiser and a grant maker. Because grant making is dependent on fundraising and development, trustees need to maintain appropriate capacity in fund development activities.

Funding sources

The administrative costs of grant making are covered by donors and trusts, while fundraising and development work is funded by membership fees, grant income and other unrestricted revenue income.

Sponsorship and gifts in kind

The Foundation also receives valued support through sponsorship and in-kind donations.

Dodd and Co, Accountants, continue to provide payroll services and meeting room facilities for the Foundation. Meeting room facilities were also provided by Westmorland Ltd.

The total value of gifts in kind in the year was £14,900 being professional fees £1,800, rent £12,024 and meeting costs £1,075. The Trustees would like to take the opportunity to thank these people and organisations for their continuing support.

Membership

Membership allows the people of Cumbria to have a role within the Foundation and also provides a valuable source of revenue income.

There are three categories of membership of the Foundation: Individual, Corporate, and Voluntary Sector. Members of the Foundation pay an annual subscription and have full voting rights.

Reserves

Our commitment to building an endowment fund to benefit Cumbria in the future is a primary tenet of the Community Foundation and is set out in our mission statement.

Funds designated as endowments are largely unrestricted and so the Trustees have the power to allocate them for ongoing support of the Foundation in the short term should circumstances demand. However, these funds are an expression of long term commitment to the people of Cumbria and they are held as endowed investments to generate income for grant making.

The Trustees retain an unrestricted reserve for the Foundation's contribution to its development programme but also for unexpected events.

At the year end, excluding tangible fixed assets, total unrestricted and designated reserves were £3,945,265. Of these, £3,610,483 are designated funds, made up of the Cumbria Communities Fund and other smaller unrestricted named funds. These are held as endowments to generate income for grant making. The remaining £334,782 is our unrestricted core reserve.

The budgeted cost of the development programme over the next year is £128,977. The Trustees expect that this will be met largely from membership income, grants and in kind support, but recognise that this is not guaranteed and that corporate donations may fall in the coming year. Unrestricted core funds may also be required to support the Foundation's own grant making.

The trustees have set a target of a minimum core reserve of £300,000 representing approximately 6 months' operational costs. This provides a buffer against the risk of falling membership income, and to secure development activities for the coming twelve months.

Given the current economic conditions and uncertainties over future grant programmes, the Trustees consider the current level of reserves to be satisfactory. In the longer term they have agreed that, should specific circumstances require, funds may be drawn out of designated long term funds up to an agreed maximum and for a maximum of 3 years.

Investments

The Trustees have absolute discretion in the investment of the funds of the Foundation, except for those holdings which are donated to the Foundation on condition that they are retained either in perpetuity or for a period of time.

The financial objective of the Foundation is to generate a stable and sustainable return on the investment of the assets to fund grant making and to support the operational costs of the organisation whilst maintaining the real value of assets.

The Foundation relies on the investment return to fund grant making. The key risk to the long term sustainability of the Foundation is inflation, and the assets should be invested to mitigate this risk over the long term.

The investment objective is to generate a total return of inflation, as measured by the Retail Price Index (RPI), plus a minimum of 3.5% per annum over the medium to long term, after expenses. This is the Target Return.

To mitigate risk and to seek to secure the best financial return over time trustees have adopted a 'total return' approach. This means investment return can be generated from income and capital gains. The Foundation aims to draw down a percentage of the value of the assets at the commencement of each financial year (inclusive of any cash then held by its investment managers). The amount of drawdown will vary from year to year depending on grant making opportunities and past and projected investment returns (including capital appreciation and dividend income). The Investment Committee will agree the percentage draw down at no less than annual intervals calculating performance over a rolling 5-year period.

Given the long term nature of the assets, the trustees are able to tolerate volatility in the capital value of assets, as long as the Foundation is able to meet its short term grant making commitments through either income or liquid capital assets.

The Trustees also reviewed ethical investment; overall, on investment matters, the Trustees follow the guidance given in paragraphs 32 to 38 of the Charity Commission publication CC14: Investment of Charitable Funds.

Investment performance is monitored against agreed market benchmarks, and against the Target Return over the medium term, by which is meant, in normal market conditions, rolling 5 year periods. The Investment Policy Statement is available on request.

FUNDS HELD AS TRUSTEE

Cumberland Educational Foundation

The Foundation was appointed Trustee of the Cumberland Educational Foundation, charity number 1039221, under a scheme approved by the Charity Commission on 20th December 2001. The objectives of this Trust are to promote the education (including social and physical training) of persons under the age of 25 who are or whose parents are resident in the area of the former county of Cumberland and who are in need of financial assistance.

These objects fall within those of the Foundation both geographically and, as they relate to children and young people, to the furtherance of education and relief of poverty. The assets mainly comprise a portfolio of investments held separately from the Community Foundation's investment portfolio and a small land holding. Separate bank accounts are also maintained and separate financial statements are prepared for the Cumberland Educational Foundation. At 31 March 2016 its net assets were £936,666.

Crag House Charitable Trust

The Foundation was appointed Trustee of the Crag House Charitable Trust, charity number 1054944, on 17 August 2011. The Trust was set up as a vehicle for charitable giving by its founder and has wide charitable objects.

The Trust makes grants both within Cumbria and beyond. A separate bank account is maintained and separate financial statements are prepared for the Trust. At 30 April 2016 all the reserves of the Trust have been spent.

Dowker Bindloss

The Dowker Bindloss Charity (Charity No 224959) was formed in 1987 from the merger of two long-established charities: Miss Dowker's Spinsters Hospital established in 1831 and the will of Agnes Sarah Bindloss set up in 1895. The objects of the charity are to address disadvantage in Kendal. Trusteeship of the charity was transferred from Kendal Town Council to Cumbria Community Foundation in April 2012. On a day to day basis the Dowker Bindloss Trust is treated as a separate grant making fund of Cumbria Community Foundation. At 31 March 2016 its net assets were £25,132.

Edmond Castle Educational Trust

The Foundation was appointed as sole corporate trustee of the Edmond Castle Educational Trust, Charity Number 1027991, on 4th May 2012. On a day to day basis the Edmond Castle Educational Trust is treated as a separate grant making fund of Cumbria Community Foundation.

The Trust achieves its object and provides public benefit by making grants to individuals and charitable organisations (a) In furtherance of the education and training of (1) any child or young person who is or who at any time has been in the care of or provided with accommodation by or under the supervision of the County Council (2) any child or young person in need within the meaning of section 17 (10)of the children act 1989 (3) any child or young person resident in the area of the county of Cumbria (4) in payment to any charitable or voluntary organisation whose objects include education and training of children or young persons. At 5 April 2016 its net assets were £290,952.

Mary Grave Trust

The Foundation was appointed Trustee of the Mary Grave Trust, charity number 526869, on 17 February 2009. The object of this Trust is the advancement of education by the provision of scholarships grants and maintenance allowances to persons between the ages of 11 and 21 born in the former county of Cumberland (excluding those born in, and whose mother was a resident of, the City of Carlisle).

These objects fall within those of the Foundation both geographically and, as they relate to children and young people, to the furtherance of education and relief of poverty. The assets mainly comprise investments held separately from the Community Foundation's investment portfolio. Separate bank accounts are also maintained and separate financial statements are prepared for the Mary Grave Trust. At 31 March 2016 its net assets were £1,750,435.

Westmorland Arts Trust

The Foundation was appointed as corporate Trustee of Westmorland Arts Trust, Charity Number 1055985, on 26th June 2012. On a day to day basis the Westmorland Arts Trust is treated as a separate grant making fund of Cumbria Community Foundation.

The objects of the Trust are to promote the education of the public in the southern part of Cumbria, which formerly comprised the County of Westmorland, in music drama and the visual arts. In the furtherance of such object but not otherwise the Trust may provide the means, outside funding for ordinary educational curricula of making performances and works of high artistic quality more readily accessible to children and adults. At 31 March 2016 its net assets were £331,133.

STATEMENT OF TRUSTEE'S RESPONSIBILITIES

The Trustees (who are also directors of Cumbria Community Foundation for the purposes of company law) are responsible for preparing the Trustees' Report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Company law requires the Trustees to prepare financial statements for each financial year. Under company law the Trustees must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the charitable company and the group and of the incoming resources and application of resources, including the income and expenditure, of the charitable group for that period. In preparing these financial statements, the Trustees are required to:

- a) select suitable accounting policies and then apply them consistently;
- b) observe the methods and principles in the Charities SORP;
- c) make judgements and accounting estimates that are reasonable and prudent;
- d) prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charitable group will continue in operation.

The Trustees are responsible for keeping adequate accounting records that are sufficient to show and explain the charitable company and the group's transactions and disclose with reasonable accuracy at any time the financial position of the charitable group and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charitable company and the group and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

DISCLOSURE OF INFORMATION TO AUDITORS

Each of the persons who are Trustees at the time when this Trustees' report is approved has confirmed that:

- a) so as far as that Trustee is aware, there is no relevant audit information of which the charitable group's auditors are unaware, and
- b) that Trustee has taken all the steps that ought to have been taken as a Trustee in order to be aware of any relevant audit information and to establish that the charitable group's auditors are aware of that information.

Auditors

A resolution that Armstrong Watson Audit Limited be re-appointed as auditors for the Charity for the ensuing year will be put to the Annual General Meeting in accordance with section 487(2) of the Companies Act 2006.

SIGNED AS APPROVED BY THE TRUSTEES

Mr T Cartmell

Company Secretary

22nd September 2016

We have audited the financial statements of Cumbria Community Foundation for the year ended 31 March 2016 which comprise the consolidated Statement of Financial Activities, the consolidated Balance Sheet, parent company Balance Sheet and the related notes. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the charitable company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the charitable company and its members, as a body, for our audit work, for this report, or for the opinions we have formed.

RESPECTIVE RESPONSIBILITIES OF THE TRUSTEES AND AUDITOR

As explained more fully in the Trustees' responsibilities statement, the Trustees (who are also the directors of the charitable company for the purposes of company law) are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view.

Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

SCOPE OF AUDIT OF THE FINANCIAL STATEMENTS

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the group's and the parent company's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the Trustees; and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the Trustees' report to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies, we consider the implications for our report.

OPINION ON FINANCIAL STATEMENTS

In our opinion the financial statements:

- give a true and fair view of the state of the group's and the parent charitable company's affairs as at 31 March 2016 and of the group's incoming resources and application of resources, including its income and expenditure, for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

OPINION ON OTHER MATTER PRESCRIBED BY THE COMPANIES ACT 2006

In our opinion the information given in the Trustees' report incorporating the Group strategic report, for the financial year for which the financial statements are prepared is consistent with the financial statements.

MATTERS ON WHICH WE ARE REQUIRED TO REPORT BY EXCEPTION

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- the parent charitable company has not kept adequate accounting records, or returns adequate for our audit have not been received from branches not visited by us; or
- the parent charitable company financial statements are not in agreement with the accounting records and returns; or
- · certain disclosures of trustees' remuneration specified by law are not made; or
- · we have not received all the information and explanations we require for our audit.

1 Statement of Compliance

Cumbria Community Foundation is a limited company incorporated in the United Kingdom. The address of its registered office and principal place of business is Dovenby Hall, Dovenby, Cockermouth, Cumbria, CA13 0PN.

The principal activity of the company is to improve the quality of community life for the people of Cumbria. It does this by promoting philanthropy and managing grant making funds on behalf of individuals, families, businesses and organisations.

These financial statements have been presented in Pound Sterling as this is the currency of the primary economic environment in which the Company operates.

2 Accounting Policies

Basis of preparation of financial statements

The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2015) – (Charities SORP 2015 (FRS 102)), the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) and the Companies Act 2006.

Cumbria Community Foundation meets the definition of a public benefit entity under FRS 102. Assets and liabilities are initially recognised at historical cost or transaction value unless otherwise stated in the relevant accounting policy.

The Statement of Financial Activities (SOFA) and Balance Sheet consolidate the financial statements of the company and Cumbria Community Foundation Trust (the Parallel Trust) and Cumbria Special Event Company (This company became dormant during the year). The results of the Parallel Trust are consolidated on a line-by-line basis.

Permanent endowment funds are held by the Parallel Trust. The property of the company limited by guarantee may in general be expended without distinguishing between income and capital, hence the requirement to hold the endowment funds outside the company.

No separate SOFA has been presented for the company alone as permitted by Section 408 of the Companies Act 2006.

Reconciliation with previous SORP 2005 Accounting Practice

In preparing the accounts, the Trustees have considered whether in applying the accounting policies required by FRS 102 and the Charities SORP 102 a restatement of comparative items were needed. No restatements were required. In accordance with the requirements of FRS 102 a reconciliation of opening balances and net income/(expenditure) for the year is provided with the net income/(expenditure) under SORP 2005 adjusted for the presentation of investment gains/(losses) as a component of reported income:

Reconciliation of reported net income for the year ended 31 March 2015

Net income/(expenditure) as previously stated 947,282
Adjustment for gains/(losses) on investments now treated as a component of net income 669,685
2015 Net income as restated 1,616,967

Company status

The company is a company limited by guarantee. The members of the company are the Trustees named on page 1. In event of the company being wound up, the liability in respect of the guarantee is limited to £1 per member of the company.

Fund accounting

Unrestricted funds are available for use at the discretion of the Trustees in furtherance of the general objectives of the company and which have not been designated for other purposes.

Designated funds comprise unrestricted funds that have been set aside by the Trustees for particular purposes. The aim and use of each designated fund is set out in the notes to the financial statements.

Restricted funds are funds which are to be used in accordance with specific restrictions imposed by donors ow which have been raised by the company for particular purposes. The costs of raising and administering such funds are charged against the specific fund. The aim and use of each restricted fund is set out in the notes to the financial statements.

Permanent endowment funds are those funds which must be held permanently by the Charity. Only income arising on the endowment funds may be spent. Income must be used in accordance with any restrictions placed by the donor.

Investment income, gains and losses are allocated to the appropriate fund.

Income

All income is recognised once the company has entitlement to the income, it is probable that the income will be received and the amount of income can be measured reliably.

For legacies, entitlement is taken as the earlier of the date on which either: the company is aware that probate has been granted, the estate has been finalised and notification has been made by the executor(s) to the company that a distribution will be made, or when a distribution is received from the estate. Receipt of a legacy, in whole or in part, is only considered probable when the amount can be measured reliably and the company has been notified of the executor's intention to make a distribution. Where legacies have been notified to the company, or the company is aware of the granting of probate, and the criteria for income recognition have not been met, then the legacy is treated as a contingent asset and disclosed if material.

Donated services or facilities are recognised when the company has control over the item, any conditions associated with the donated item have been met, the receipt of economic benefit from the use of the company of the item is probable and that economic benefit can be measured reliably. In accordance with the Charities SORP 2015 (FRS 102), the general volunteer time of the Friends is not recognised and refer to the Trustees' report for more information about their contribution.

On receipt, donated professional services and donated facilities are recognised on the basis of the value of the gift to the company which is the amount the company would have been willing to pay to obtain services or facilities of equivalent economic benefit on the open market; a corresponding amount is then recognised in expenditure in the period of receipt.

Income tax recoverable in relation to donations received under Gift Aid or deeds of covenant is recognised at the time of the donation.

Income tax recoverable in relation to investment income is recognised at the time the investment income is receivable.

Income from grant making programmes is recognised either on receipt or when the conditions stated in the programmes fund agreement are met.

Expenditure

Expenditure is recognised once there is a legal or constructive obligation to make payment to a third party, it is probable that settlement will be required and the amount of the obligation can be measured reliably.

All expenditure is accounted for on an accruals basis. All expenses including support costs and governance costs are allocated to the applicable expenditure headings.

Overhead costs are either allocated directly to the cost of generating funds or are allocated towards grant making.

Grants payable are charged in the year when the offer is made in those cases where the offer is conditional, such grants being recognised as expenditure when the conditions attaching are fulfilled. Grants offered subject to conditions which have not been met at the year end are noted as a commitment, but not accrued as expenditure.

Basis of consolidation

The financial statements consolidate the accounts of Cumbria Community Foundation and all of its subsidiary undertakings ('subsidiaries').

The company has taken advantage of the exemption contained with 408 of the Companies Act 2006 not to present its own Income and expenditure account.

Tangible Fixed Assets and depreciation

Assets used for charitable purposes, with an expected useful life exceeding one year, are capitalised in the balance sheet.

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost of fixed assets, less their estimated residual value, over their expected useful lives on the following bases:

Computer equipment

Written off over three years on a straight line basis

Other equipment

25% on a reducing balance basis

3 Critical Accounting Judgements and Key Sources of Estimation Uncertainty

In applying the Company's accounting policies, the directors are required to make judgements, estimates and assumptions in determining the carrying amounts of assets and liabilities. The directors' judgements, estimates and assumptions are based on the best and most reliable evidence available at the time when the decisions are made, and are based on historical experience and other factors that are considered to be applicable. Due to the inherent subjectivity involved in making such judgements, estimates and assumptions, the actual results and outcomes may differ.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised, if the revision affects only that period, or in the period of the revision and future periods, if the revision affects both current and future periods.

The critical judgements that the directors have made in the process of applying the Company's accounting policies that have the most significant effect on the amounts recognised in the statutory financial statements are discussed below.

- (i) Assessing indicators of impairment In assessing whether there have been any indicators of impairment assets, the directors have considered both external and internal sources of information such as market conditions and experience of recovery. There have been no indicators of impairments identified during the current financial year.
- (ii) Revenue recognition in respect of legacies
 The company has estimated the value of legacies by looking at valuations of estates provided by the
 executor. These valuations can include assets that have not been realised yet, any variations to the
 estimates could result in the over or under recognition of revenue.
- (iii) Determining residual values and useful economic lives of equipment
 The company depreciates tangible assets over their estimates useful lives. The estimation of the
 useful lives of assets is based on historic performance as well as expectations about future use and
 therefore requires estimates and assumptions to be applied by management. The actual lives of
 these assets can vary depending on a variety of factors, including technological innovation, product
 life cycles and maintenance programmes.

Judgement is applied by management when determining the residual values for equipment. When determining the residual value management aim to assess the amount that the company would currently obtain for the disposal of the asset, if it were already of the condition expected at the end of its useful economic life. Where possible this is done with reference to external market prices.

The Foundation dedicates significant resources to development work to secure grant making funds, to build long term capital reserves, and to be able to strengthen its own organisational skills and capacity. Fundraising and publicity costs include work to develop new revenue and long term grant funds. These costs include producing promotional leaflets and newsletters, and meeting with potential donors and advisers. The Foundation's events programme is organised to raise its profile with potential donors and beneficiaries rather than specific income generation.

Comparative Adjustments to Other Costs

The comparative figures for Staff travel and training and Meetings and volunteers now include figures that had been allocated as governance costs last year. A new heading called Fees and Consultancy has been added this year, £8,059 of these costs were included in event costs last year, so the event costs comparative has been reduced by £8,059. These adjustments have had no effect on net income/expenditure.

The 2009 Cumbria Flood Recovery Appeal raised funds to aid people affected by the storms and floods which hit Cumbria in November 2009 and voluntary and community groups supporting them. The Fund has now fulfilled its purpose, so in August 2015 the balance on the fund has been transferred to the Cumbria Communities Fund which is in line with Section 6 of the Cumbria Flood Appeal document. Section 6 of the document states "In the event of it appearing to the Grants Committee that the purposes of the Fund have been fulfilled as far as may be, and the Trustees so resolving, any balance then standing in the Fund shall thereupon be held by the Foundation for its general charitable purposes."

The balance on the 2009 Allerdale Flood Recovery fund was returned to Allerdale Borough Council in September 2015. The balance on the 2009 South Lakeland Flood Recovery Fund was transferred to the 2015 Cumbria Flood Recovery fund in December 2015 with the restriction that this had to be spent in South Lakes.

The 2015 Cumbria Flood Recovery Appeal was setup on Saturday the 5th December 2015 to support people and communities which were affected by storm damage or flooding in December 2015. Further detail about the appeal is included in the Trustees Report.

Income from these funds is designated by the Trustees for the Foundation Grants fund and for on-going support of the Foundation.

During the year the Foundation was gifted 500,000 shares in Charity Bank from the Northern Rock Foundation. There is a difficulty in valuing the shares as there is no market to buy or sell the shares and the company has never voted a dividend. Having reviewed the Charity Bank financial statements the company has positive reserves so the shares have been included at the net asset value of the company from the year ended 31 December 2015 financial statements. This value was £0.92 per share held. Charity Bank had accrued further losses to the end of March 2016 hence the loss on investment of £31,000.

These are held by the Cumbria Community Foundation Trust.

The Barrow Development Trust Fund

These monies were endowed by Barrow Borough Council as a fundraising challenge to other donors and to generate income and support grant making in the Barrow area. The endowment was made in support of the Barrow Community Trust Appeal launched by Cumbria Community Foundation to build a capital base to generate income for the support of the community in the Barrow area.

If at any time the Barrow Community Trust ceases to operate, the initial capital endowment of £146,959 held in the Barrow Development Trust Fund is repayable to Barrow Borough Council.

Income from the Barrow Development Trust Fund is restricted and is allocated to the Barrow Community Trust Fund.

Notes to the Financial Statements for the year ended 31 March 2016

26 Permanent Endowment Funds (continued)

Elizabeth Fell Memorial Trust Grassroots Grants Fund

The funds of the Elizabeth Fell Memorial Trust were transferred to the Community Foundation in March 2012. The transfer attracted match funding at 50% from the Office for Civil Society.

Income from the Fund will be used to make grants to small local voluntary and community groups and organisations. Grants will be for the benefit of the inhabitants of the parish of Kingstown in Carlisle and of the surrounding area.

The Francis C. Scott Charitable Trust Challenge Fund

This endowment fund was established as a challenge fund to generate matched funding for Cumbria Community Foundation. The fundraising targets have been achieved, and monies retained for the generation of income in support of the charitable objects of Cumbria Community Foundation are restricted as follows:-

If the Cumbria Community Foundation should for any reason cease to function or in the opinion of the Trustees of the Cumbria Community Foundation cease to be capable of carrying out its objects effectively the Trustee shall forthwith return to the Trustees for the time being of the Francis C. Scott Charitable Trust the sum of £250,000 or such lesser sum as shall for the time being represent the Fund.

Income from the Challenge Fund is allocated to the Cumbria Communities Fund within the company.

Margaret Taylor Memorial Fund

The fund was established as a legacy from Margaret Elizabeth Taylor. The income accrued from the fund shall be applied to the aims and objectives of the charity and will added added to the Foundations own grants pot.
