

Connecting people who care with causes that matter

Cumbria Community Foundation exists to alleviate poverty and strengthen our communities by making grants and promoting philanthropy. Every year we distribute more than £2m to hundreds of groups and individuals.

Membership is a great way to regularly support the work of the Community Foundation. Our members are at the heart of our work, they link us to our communities and elect our board of trustees. Members enjoy the satisfaction of knowing they are part of an organisation that delivers much needed help to those in need, in our communities.

The following types of membership are available:

Your membership matters

The income from membership is used to fund our charitable activities; supporting and advising groups that apply for grants, enabling us to respond to emerging need such as disasters, the production of reports that highlight needs in our county and our capacity to promote philanthropy. We stay in contact with members via a regular newsletter, our Annual Dinner and occasional events.

An important part of the Foundation's role is to contribute to debates and policy development in the fields of philanthropy, social action and other areas where we have expertise and knowledge gained from our work.

Currently we have more than 90 grant making funds of all sizes set up by individuals, charitable trusts and businesses, supporting a diverse range of areas and themes across our county.

Fundholders and supporters benefit from our unrivalled understanding of local communities and organisations which we have gained from 20 years of grant making.

Through our impact monitoring we can evidence the value of local funding and demonstrate the impact of funding from individual fundholders. This means we know the difference local grants make to people in our communities.
